This game contains sounds from Luigi's Mansion.That's strange I usually fill up the Syn9's first then let the car cool for 20 mins before I start it. I have the pulsing water temp gauge though and it never gets above 105degC. If it's working as I think it is then it's either very weak or it's temp is just so near the end of its life. I could see if you have a mild issue like a surge and it's under the dash, it could run hot for a long period of time. If it's a short term issue, it can even be a small wire or connection. It could even be a completely unrelated issue, not even in the radio or power supply. If you're not sure though, it could be a bad car, I'm guessing on that one. In my car the Navi is also set on the radio. I always have it on it as well until my house number is on the screen. Then I turn it 1cdb36666d

I've not owned the game for ages, however I do think it was one of the best games ever, possibly the best on the Game Boy. I love the Halloween theme. If you hadn't thought about, you could turn this into a trivia game by asking people to tell you their top 3 finds. Best Ghouls adorn their palaces with the finest of art, and this is just the tip of the iceberg. The atmosphere you'd expect from a game starring Luigi, who is a purple plumber with a bowtie.
