Anti-Mage makes free downloads free again.How to stop your kids from watching them We live in a tech-savvy world, and with that comes more avenues to help keep our kids safe. While these sites are mostly made for adults, they have become a resource for parents as well. These are the top sites for parents to block advertisements on their kids' digital devices and hide things on their computer or smartphone that they might want them to look at. Most search engines have built-in options to block these sites; for example, you can block Google's personalized search engine by searching for, "chrome block google," in a search engine like Google. New Google Chrome webpage auto-updates Google has announced that its Chrome web browser will be getting a new auto-updating feature. Starting in December, any new features will be automatically be added to the browser. This will make the browser more stable, as well as easier for users to access, with the option to update features as new ones are introduced. The update also 3da54e8ca3
