Re: Something Our agenda, which ever one it is, is actually getting to where it has been decades of hoping. It's a fairly simple approach, one thing at a time, work for yourself. It's work, which will pay off. One part is being free of it's own self, a grudge over any other one, being free of thinking it's all there for me, and making something. Re: Something I am very interested in what this 'agenda' is and would really appreciate hearing about it in your own words. I know you're probably not going to answer that now, but maybe if you get an idea of what it is you think you're trying to achieve, or how it relates to everything you've said so far, it might help. Re: Something It's working on things. Like the spear I made, that's where it all started. The 'agenda' is one thing at a time, working for yourself and having a grudge over anything else, making something. I didn't have a goal, a year ago I don't think I ever thought about goal's, I just did it. I started with the spear, then tried to go back and forth as to what I could do. Re: Something well, we still don't really know anything about the "agenda" or your ambitions. what is it you want to do? how do you see your role? how do you feel about the world? what does it look like to you? what do you hope for? from the post you made, it seems that you do not have a place in mind and it looks like your work is going
