[Registration | Entrance] Bought this product from EN-Microsystems over a year ago. The product really turned out to be a quality alternative to everything we have ever tried from CamtASia. The YouTube channel has 13 views. Not only have we got a great tool for working with images, but also a huge knowledge in using alternative editors and editing methods. Thanks to En-Media for a job well done! They opened the box, looked at the goods, tried them on and everything was in place. Normal and on time. The only thing I would like to see the instruction in Russian soon. IMHO, if you do something localized, it will be better.
