The Longing is a roguelike dungeon exploration game in the style of great single player games like Diablo and Wizardry. It was developed with interactive music in mind and will provide hours of music driven gameplay with different ways to experience the music, ranging from chasing its own, rhythm based elements, to roleplaying with it. There is a long story connected to the game, which you'll find more information about here. Key Features: An extensive music system including instruments, moods and effects to influence the narrative of the game Rhythm based gameplay with a traditional rogue like character development system. Challenging and challenging, that keep you on your toes throughout the campaign High difficulty, accessible for all players Detailed campaign with multiple endings Seasons system, a daily end of year event 9 unique dungeons to explore 6 randomly generated dungeons per world 24 classes with over 50 skills, armors and weapons Huge number of items to equip and combine in a multitude of ways Fully voiced dialog with over 20 characters Some music came as a gift from KaleidosKontor, the German band of the game. The official soundtrack of The Longing. A tribute to Emglev and the whole dungeon synth scene. Income from this release will go to all musicians involved. Music supervision and sound design: Jan Roth, Jürgen Härtenstein Album art: Anselm Pyta All tracks by "Lord Redstone", (aka redStone Music), except: Track 5 by Spectral Kingdom, taken from the album "I", 2016. Track by Erdstall, taken from the album "Caverns Of Endless", 2013. Track 10 by dungeontroll, taken from the album "Labyrinth Of The Golden Princess", 2019. Track 15 by Vindkaldr, taken from the album "Enchantments Of Old Lore", 2015. Track 20 by Erang, taken from the album "Tome IV", 2013. To access the soundtrack from Steam, select the game in your library. On the right, above the achievements, you can see the soundtrack listed as "additional content". The soundtrack comes as 320kbps mp3 and in addition as uncompressed WAV and FLAC if you activated "high quality audio" in your download settings. About The Game THE LONGING - Soundtrack: The Longing is a roguelike dungeon exploration game in

## **Chaos [2022]**

---

Once upon a time, heroes roamed the skies and helped each other and civilians. Years after the Great War, most heroes have been fully absorbed by the Game, or have quit the Game to start a new life elsewhere. The Sky Hillers still guard their small settlement in the mist-drenched northern woods, but there are very few heroes left that can appreciate the beauty of this place. However, you are one of them. Set in the same world as Sky Pirates, you are a Black-Mist-templar in charge of protecting a young woman named Jessica. Your actions and other vigilantes will determine her fate! Key Features - Anime-style action adventure video game for the PS Vita handheld console - A classic fighter with 13 playable characters and fierce combos - As a Black-Mist-templar, you have to gather up clay shards as you fight in order to enhance your skills KEY FEATURES 13 CLASSES - Choose from 13 classes that all have distinct attributes and skills MASSIVE COMBO SYSTEM - Power-up your combos with wild moves and devastating attacks THE ORIGINAL STYLE - Traditional, anime-style fighter with exaggerated moves REAL-TIME AND ACTION-BASED GAMEPLAY - Swipe, mash buttons, roll, jump, glide and dodge around the battlefield as you fight to protect the innocent from the evil forces that surround them KITEABLE ONLINE PLAY - Featuring quick-fire online gameplay or relax against the timer in offline mode BETRAYAL - Interrupt your enemy's combos with your deadly attack CONTROLS STUNNING ANIMATION - As you punch, slash and dodge, your character moves in a fluid motion DIGITAL FEATURES MOVIE CHARACTER SHADOWING - With fully voiced narration and high-quality graphics, your character appears in a cinematic style GUILTY GEAR X SCENT of BLOOD - A special prequel and first-hand account of the events that led to the creation of Guiltreia THE OTTOMONT RENAISSANCE WALK IN D.C. - Travel through the streets of Washington DC and spot the characters from the game (while you're there), this contribution is the first use of a 3D technique in the clinic, which will be very helpful in the assessment of these values. This method requires that the c9d1549cdd

GP40PH-2B locomotive (60 minutes) in NJT livery. Scenario passengers are in Japanese Economy cars only. Settings can be changed by simulation engineer. Difficulty: "Easy" Power: GP40PH-2B locomotive (60 minutes) in NJT livery. Scenario passengers are in Japanese Economy cars only. Settings can be changed by simulation engineer. Difficulty: "Easy" Power: Save up to 75% of in-game money with the Time Sale - it will not be around forever! Starting Monday 17th March, you will notice the game pricing changing - with the Time Sale, Train Simulator will be on sale for 60% off for a period of two weeks (three weeks in Europe). There are a number of different areas where savings can be made, but time is of the essence. In Train Simulator you need to be prepared for all situations, so that you know how to deal with scenarios like a heat wave, snow, rain, and even a zombie apocalypse (the Zombie Apocalypse is here!). \*With the Time Sale, you will be able to download a copy of the game for 50% off the original price, including the expansion packs (Plus and PS3 Value Packs). You will also receive a free Steam coupon (worth £20) to give you time to continue to save even more. This 50% off will be accessible from the Time Sale Shop through Steam. \*The Time Sale ends on Friday 30th March, unless extended by agreement with GOG. The Time Sale will be here for two weeks (or three weeks in Europe), starting at 9am GMT and ending at 11am GMT on the 30th March. Train Simulator will be available on Steam at 50% off, and we will also have Steam coupons to give you time to continue saving. All the discounts and savings will only be available during the Time Sale and the Steam launch day of March 30th (unless extended by agreement with GOG). Also, you need to have Steam installed in order to be able to access the Time Sale on Steam. \*To save with the Time Sale, open up your Steam client and click on the "Games" menu at the top left. Select "View Sale Items" from the list. Select the game you want to download and follow the instructions. One of the new features of the Time Sale is the ability to gift discounted content. Simply click on "Add to Cart" and type in the name of the recipient. If they've never bought this content
