Elden Ring was released by Kadokawa in 2015, and it attracted a large number of fans because of its innovative style and high-quality visual expression. The game used the style of Symphony of Ages, the first successful turn-based RPG to receive the sequel, to reflect the mythical setting. Designed by the industry leader team at Dingo Games, called Dingo Works, the games were well received by fans and took the lead in the category of Fantasy Action RPG games. ※ WE ARE HIRING. Elden Ring Features Key:

A story with an epic narrative: A multilayered story told in fragments. The Lands Between echoes with mystic forces, and Elden Lords, considered as demigods, emerge from the legend that chronicles the existence of the Elden Ring.
An immersive world: A vast world that's waiting to be explored. Open fields, huge dungeons, and enemy groups called Akkeula Classes that are waiting to fight you.
Immersive game play: Encounter in battles with powerful enemy Knights. A technique that combines action games and RPG elements. The first-person view in battles makes the action come to life and give a thrilling challenge.
A powerful user interface: As you learn and develop your skills, your experience level is reflected in various bonuses. You can change the various features of your character by using the B button after tapping on a skill in the skill window, and you can switch to a new character slot via the character menu.
Special effects: FF7-like "evolution" game play. Experience the thrill of the battle up to an unlimited level through character evolution as you grow in strength. Upgrade and evolve various items in the process of evolution, and use them to develop your skills.

Various dungeon and event maps: A range of different stages where the fight of the hero, Tarnished, continues. Make the most of the various maps by attacking, and use your progress from one map to another.

New gameplay content and content added for events:

- A world that combines random elements and cartoon-like graphicsThe Lands Between, an area located between the lands of Meridia and Dumathoin. In this land, various enemy groups called Akkeula Classes called Tahnthians know that the other world exists. They are known as powerful and great generals, and the purpose of their existence is to defeat and eliminate all of the inhabitants of the world between. The Lands Between is like a crossroads between these two lands. It is filled with various enemies that challenge the hero to begin the story.
- Exo-world line-based content: Content that takes place in the exo-world theme of FF7. A newly added "Max Lv" update will let you play as a successful Tarnished in
