When the sun shines a funeral for humanity, a kind soul rises up to oppose it. Pry Into The Void is a turn-based RPG where you are the protagonist and lead a group of monsters into battle. As the leader of your monster party, you must grow to know your group of monsters like a family while fighting to put an end to the unnatural habitat that mankind has built for themselves. The choices you make in this universe will affect the outcome of the game.

As you grow to know your monsters, they will confess their secrets and desires to you; what they find to be so horrifying, you may find to be the most attractive feature in a being. Some monsters will see you as the answer to their prayers, and some monsters will see you as a predator in their home; what they find beautiful, you will find to be terrifying. Who you see in the people you love is a reflection of your own desires and fears; Pry Into The Void will challenge you to see the wonders, the flaws, and the truth of those you love. All the money is in the hands of the evil businessmen of the city of Lust and greed. The time has come for a young man called Stink to take revenge for their crimes. His sister has been stolen away and trapped in the red caverns of Lust! Stink embarks on a journey to save her, collecting treasure, random goods, and forging weapons to get her back! Do you have what it takes to become a champion of justice? Then you must head to the depths of the underworld, where a once peaceful civilization has now become a cesspool of crime, corruption, and the underworld itself. Werewolves and vampires walk the city streets, priests and politicians maneuver together behind closed doors, and fiends of all sorts lie in wait for the unwary. Do you have what it takes to defeat this underworld menace? Introducing one of gaming's greatest heroes—the King of Fighters XIV! A new evil has risen to threaten the world. About This ContentFrom the creators of Terraria comes a slice-of-life experience about siblings and the deep tensions that come with them. War of the Chosen is a story about two brothers, one old and bitter and one young and blind. The older brother is broken, and the younger one is his only hope. The older brother's first mission is to destroy the youth's only source of strength: the moon. His allies are two enormous demons, creatures without mercy, intent on having the youth as food. The story will follow the boy as he is torn apart by his own people, as the demons tear him apart, and as his body is reassembled to make it a place fit for the siblings' next epic battle.
