

The historical Elden Ring society is a world where the symbol of the Elden Ring, the sword "Force of Destiny" (FoD), is a measure of honor and status. The individualistic "Blade Legion" (BL) broke off from the Elden Ring, and continues to flourish. The "Elden Chain" (EC) has taken on the role of maintaining order with the aid of BL, and the "New Elden Society" (NES) fights with them. The Lands Between are a world that has not yet evolved, and where powerful monsters stalk the mountains, the hills, and the lakes. In this world, the battle for order goes on between the four powers, who fight over this world.
