Thanks for reading! Have any questions? Leave me a message on the social networks, and I will reply in the comments.Hope you like my game! The Last Hope, it seems, is not for the faint of heart! Yet, for a hero to stop the darkness that is approaching - one must strike a blow. That is the challenge of this action-packed 2D endless runner. Take off and run across the land, avoiding the dangers and hazards of the night! Explore dark caves and dungeons, tame monsters, and defeat evil creatures! But be warned, this will not be easy - the monsters are tough, but you have the skill and knowledge to take them down. The reward for succeeding, however, is power and riches. Earn these to build and upgrade weapons and armor, summon allies, build a guild, and show your enemies who's the boss! There is no time to rest - the night is upon us! In the final chapter of the ancient war, the Last Hope is rising to the skies! Will you be there to watch it's birth? Features:■ Endless Runner with dozens of quests and items to explore■ Unlock new worlds and bosses with every run!■ Find hidden loot chests and unlock special items■ Play in numerous difficulty settings, from beginner to expert■ Boss fights to clear hard challenges■ Uncover a dark tale full of mystery, secrets, and danger!■ Full blown quest system to help guide you through the mysterious world of Pangaea!■ Old School Combat - Play fighting games like that of the 16th century■ Local Multiplayer - Earn coins and level up in solo or with friends■ Upgrade your skills in crafting, mapping, and weapons!■ Unlock special items

What's new in Aldol:

Find out why this expansion won the "Best of 2014" award of Eurosiberia. Eurosiberia is proud to present its Best of 2014 Awards! The shows at Eurosiberia are especially curated to deliver your daily dose of multimedia - from live streaming, to audio podcasts and video uploads. Here you will also find live demos of the various games we showcase on our network. That includes new demo games as well as free time demos. It's all part of this new home of gaming built around you - the gamer! Watch the video above and go to the official website for more info! Now, let's take a moment to honor the newly released demo for Warhammer 40,000: Dakka Squadron - Flyboyz Edition! It's Time to Fly Warhammer 40,000: Dakka Squadron is a Wargame developed by Winter Wolves Entertainment and published by Ripstone, a BitCom Publishing Studio. The game features a mix of genuine cinematics on top of a tactical game with a focus on maps, units and vehicle movement. It includes both online and offline modes as well as multiplayer, so you can drop in and out at any time you see fit. Air Assault To fully enjoy the game, you have to get the hang of the stick-and-mouse artillery and move sections. The piloting controls are easy and accessible, thanks to the double-stick, and guides give directions for both a dogfight and for the player to get closer to his objectives on the battlefield. The maps are well-designed, with numerous places for ambushes to catch off-guard enemies. This, combined with a unit-editing - screen-per-track-per-action - powers the mechanics. The game is generous with computer-controlled opponents that lead the charge into battle. They can be frustrating at times, while also requiring some clever thinking to avoid. Not to mention the fact that you will struggle to make any firepower overpowered against such foes. Boat Controls The naval bits in Warhammer 40,000 are simple. At first impression, it takes time to get use to the controls. Not just because of the position of the buttons. What helps is that your ships' propulsion system is handled by a dial the size of a circle. Most maneuvers can easily be executed with full function to check their outcomes against your previous settings or your flying skills. First-time users will struggle with the system, but after a bit

Necro Mutex is a first person arcade shooter where you must exterminate hordes of the undead using ever-increasing amounts of ammo, while hiding from their relentless wave of zombie attacks! About The Developer: Garrett Reiff is an indie developer in Phoenix, AZ and the creator of "Yunge," his first VR game and one of the first VR games to receive an official endorsement from The Consumer Technology Association (CTA) in their CTA Virtual Reality Innovation Awards. Garrett's first VR commercial game "Necro Mutex", released in June 2016, was the recipient of two more CTA awards, "Best VR Game" and "Best VR Physical Game." About the VR Industry: Necro Mutex is one of the first, and most, quality virtual reality games in development. Garrett Reiff was the first VR developer to be given VR "dream grants" from the Google VR program, in 2014, when he was featured by the GoogleLabs community on YouTube, and he's currently featured on many media channels like VRChat. There are now a lot of high quality games being developed for VR, and more games like Necro Mutex are coming! About Garrett Reiff: Garrett Reiff is a VR industry expert and has worked for VR products including Gear VR, Daydream and Google Cardboard, as well as multiple large software companies in the areas of VR development and game engines. Garrett started out working for a company that developed a VR home control system, which got him into VR, and inspired him to develop his own VR game. Garrett has been creating some of the best VR games available since 2014, and is currently working on VR products including the home automation system Ionic App for iOS and Android. About CTA: The Consumer Technology Association (CTA) is the voice of the \$20B U.S. Consumer Electronics industry, which is a \$138B/year economy that supports 3.9 million jobs in the United States alone. CTA is an independently-run, non-profit organization that convenes global consumer technology leaders to promote growth and innovation in the \$100B U.S. home audio and \$20B U.S. consumer electronics markets. Today, there are more than 100 million consumer electronics devices in homes around the globe. The \$20B U.S. consumer electronics industry is also the largest importer of consumer electronics products. As
