I am hoping to remove the variable from the slice. A: The type for *a.members is []*A, which means that *a.members is an array whose elements are pointers to A, not values of type A. Therefore, you can't append to a.members by assigning it a value of type []*A - you need to write *a.members = append(*a.members, _) instead. :107E000001C0B7C0112484B790E89093610010922C :107E10006100882361F0982F9A70923041F081FFC1 :107E200002C097EF94BF282E80E0C6D0E9C085E05D :107E30008093810082E08093C00088E18093C1003C :107E400087E78093C40086E08093C2008EE0B4D0C6 :107E5000279
