And I saw that one of their newish products is some hair clips which are fairly cheap but amazingly heavy-duty. And the fact that I had one of those before, I suddenly remembered that I'd ordered them. (Yes, I have that hair clip to this day. \*sweatdrop\* ) And I am happy I found them because, as much as I love stuff from Wikebit, their handmade items are pretty expensive. The hair clips are not expensive at all. PS. I should mention that Wikebit has a collaboration with Honeylane which means their handmade items have a really cute packaging too. I don't have any pictures of it but if you go there, you can see what I mean. Thursday, 12 April 2013 As promised, I'll show you a few pieces of my outfit that I wore for my sister's birthday party (which is a post a day later). This is my first post with a proper shoot. I was a little unsure about it but my camera is so bad that I think a proper shoot would have made things look more dramatic and more pretty. I'm afraid I can't make a trip like this every time there's a party, but I'd like to do a few more shoots like this and then I think I'll get a good camera. That's why I dressed up like a lazy Jane from last year's birthday party. Saturday, 7 April 2013 The most amazing thing about my sister's birthday party was that it was at a place called Euro Wonderland. You know, the theme park. The one in Singapore. You know, Singapore.
